sept #FOR THEBURG

Each month we challenge our church to take part in an intentional act of kindness with our #FORTHEBURG campaign, which is an effort to show our community that Northside is FOR them, and God is FOR them.

In September, not only are we supporting and encouraging our first responders at Heroes for the Burg but we also want to encourage others by cleaning up our community and assisting individuals in getting their residences to meet city code.

We are asking for volunteers to sign-up to participate on a Saturday morning to help these individuals with yard work and exterior house maintenance

Be sure to check out the different opportunities throughout the month as we will be adding opportunities as dates and projects are confirmed.

Scan the code below, or go to www.fortheburg.com to sign up for this month's serving opportunities.

If you take photos for social media, tag #FORTHEBURG so we can see them!

An update from a Missionary:

Salonique Adolphe with Living Water Christian Mission in Haiti

"For the past twenty years we have been engaging in transforming Haitians and Haiti through Jesus Christ. Some of you have been with us from the beginning and others have joined us at one point or another in our history. There are churches — many of them are small Churches — who have poured themselves into Living Water to positively impact hundreds of thousands of Haitians. Many — like mom and dad Green and John and Helen Meyer — have gone home since we started.

In the course of this time children have received a quality education from preschool to College, souls were won unto Christ through the preaching and the teaching of the gospel, people's faith have been strengthened, people's health have been restored through the health clinic and the mobile clinics of foreign missions teams and nationals. We have fed millions of meals in different regions of Haiti and built homes. We have done all of those things together. We have an unfinished job that we need to continue to work on, let us do it together!

This Fall, once again, several thousands of children will resume their school education through our four main schools in Gonaives, Marmelade, Highland, and White Mountain. Major works need to be done in all four locations..."
